

Singing Fill-In-The-Blank

Singing can be scary at first, but everyone can use their _____. You simply start by taking a deep _____ in and letting it out in a musical way. You can sing a happy sound or a _____ sound. You can sing any sound!

To make different sounds, you move your mouth, lips and _____. I bet you'd even move your teeth if you could! If you want to get better at singing, you can listen to people you like singing and try to imitate them. Conrad tries to imitate Kermit the _____!

Whether you have sung for a long time or just once, it's important to _____. As your body changes, so does your voice. Sometimes your voice can be different tomorrow than it was _____.

I hope you enjoy _____ as much as I do!
